

Curriculum Overview – Year 1 - Term 5

Computing

In our computing lessons will be learning about algorithms and considering their use in machines we use every day.

Geography

We will be looking at different weather patterns we have in this country and other countries abroad.

R. E.

We will be learning about sacred places and might even get the opportunity to visit one!

English

Using our new book (yes, it is a secret once again) we will be writing both extended stories and non-fiction paragraphs. We will be trying to spell high frequency words correctly and using our phonic knowledge of alternative phonemes with increasing accuracy. We will also be trying to make sure we use punctuation consistently throughout our writing

Art

This term our artwork will be focusing on textiles. We will be considering how textiles are made and how they can be decorated with patterns.

Maths

In maths our topics will be:

- Solving missing number problems
- Addition and subtraction
- Money
- Measures- Capacity
- Simple division problems

Science

We will be continuing our study of the seasons and looking for signs of spring. We will also begin to consider different materials and their properties.

P.S.H.E.

We will be considering changes in PSHE in our lives and in the life of our school as we begin to think about moving to Year 2.

P. E.

We will be developing coordination skills through weekly dance lessons! Please can you remember to take your child's earrings out on PE days! Thank you!

Music

We will continue to learn about the beat of a piece of music and begin to perform our own simple compositions using percussion instruments.

French

Not applicable

Home Learning

Your child should read their reading book every evening and bring in their book bag daily. We will change reading books on Mondays, Wednesdays and Fridays.

Please remember that your child will need a water bottle every day.
